

Maladies infectieuses et agents pathogènes à déclaration obligatoire

Vue synoptique 2020

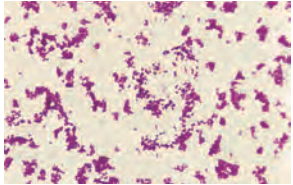

Botulisme

Clostridium botulinum

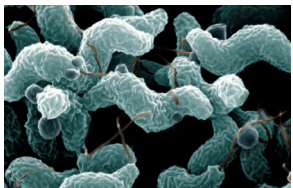

Brucellose

Brucella spp.

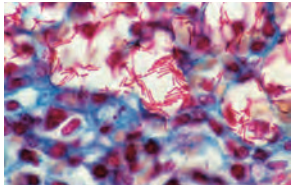

Campylobactériose

Campylobacter spp.

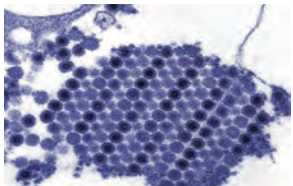

Charbon

Bacillus anthracis

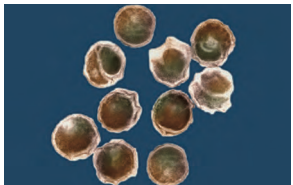

Chikungunya

Virus Chikungunya

Chlamydie

Chlamydia trachomatis

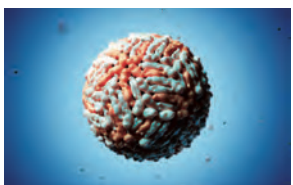

Choléra

Vibrio cholerae

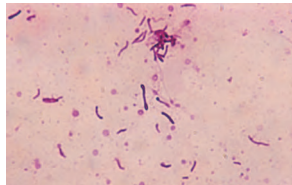

Dengue

Virus de la dengue

Diphthérie

Corynebacterium diphtheriae
et autres corynébactéries
produisant la toxine

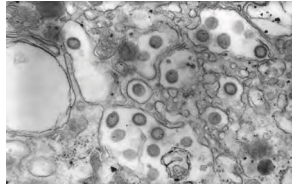

Entérobactéries productrices de carbapénèmases (EPC)

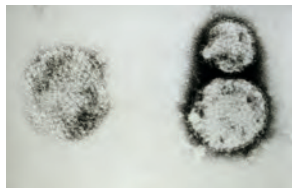

Fièvre de Crimée-Congo

Virus de Crimée-Congo

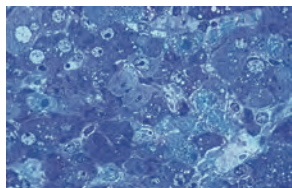

Fièvre de Hantaan

Hantavirus

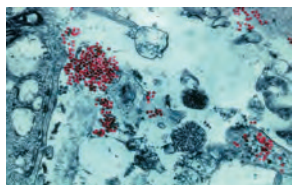

Fièvre de Lassa

Virus de Lassa

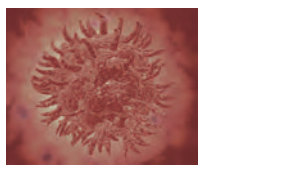

Fièvre du Nil occidental

Virus du Nil occidental

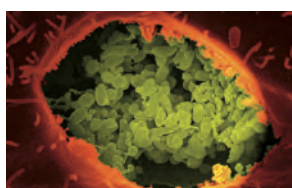

Fièvre jaune

Virus de la fièvre jaune

Fièvre Q

Coxiella burnetii

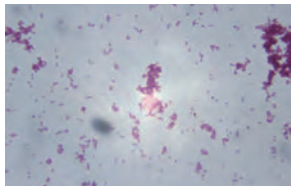

Fièvre typhoïde / paratyphoïde

Salmonella Typhi / Paratyphi

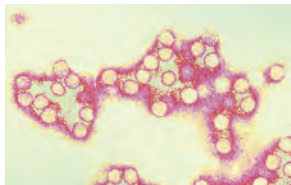

Gonorrhée

Neisseria gonorrhoeae

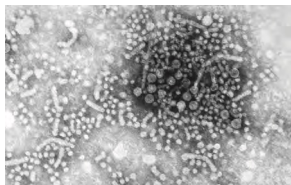

Hépatite A

Virus de l'hépatite A

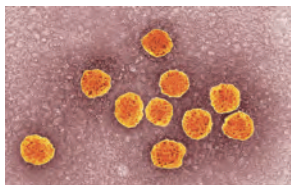

Hépatite B

Virus de l'hépatite B

Hépatite C

Virus de l'hépatite C

Hépatite E

Virus de l'hépatite E

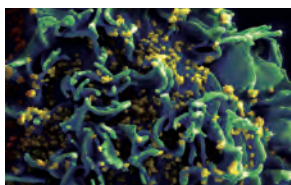

Infection à EHEC

EHEC, STEC, VTEC

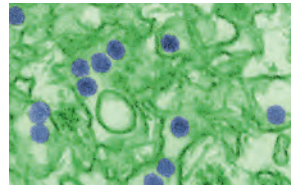

Infection à VIH / Sida

VIH

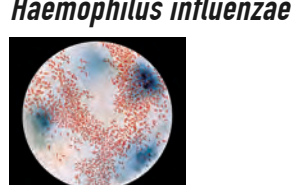

Zika

Virus du Zika

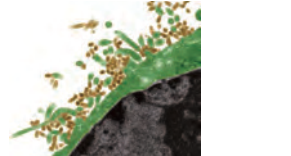

Maladies invasives à Haemophilus influenzae

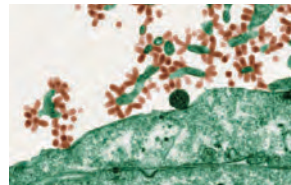

Influenza, grippe saisonnière

Virus Influenza

Influenza, nouveau sous-type

Virus Influenza A HxNy
(potentiel pandémique)

Légionellose

Legionella spp.

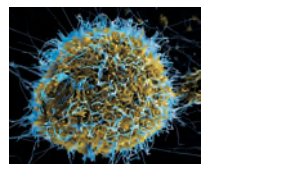

Listériose

Listeria monocytogenes

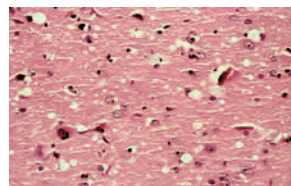

Maladie à virus Ebola

Virus d'Ebola

Maladie de Creutzfeldt-Jakob

Prions

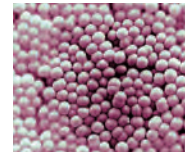

Maladie de Marburg

Virus de Marburg

Maladies invasives à méningocoques

Neisseria meningitidis

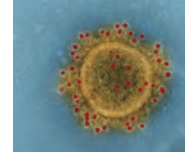

Maladies invasives à pneumocoques

Streptococcus pneumoniae

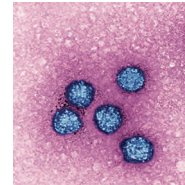

MERS

Coronavirus du MERS

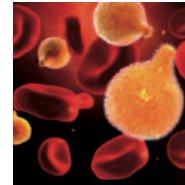

MEVE

Virus de l'encéphalite à tiques

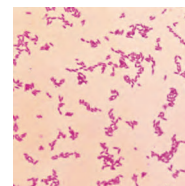

Paludisme (malaria)

Plasmodium spp.

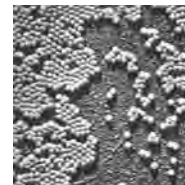

Peste

Yersinia pestis

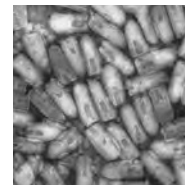

Poliomyélite

Virus de la poliomyélite

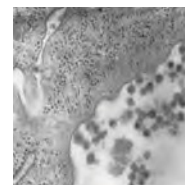

Rage

Virus de la rage

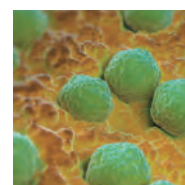

Rougeole

Virus de la rougeole

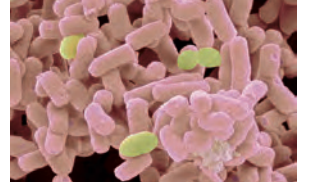

Rubéole

Virus de la rubéole

Salmonellose

Salmonella spp.

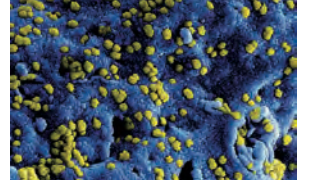

Shigellose

Shigella spp.

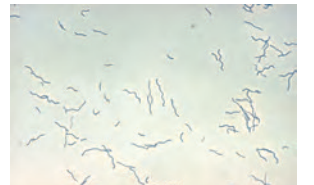

SRAS

Coronavirus du SRAS

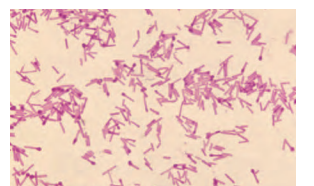

Syphilis

Treponema pallidum

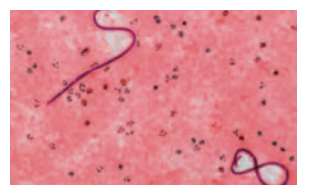

Tétanos

Clostridium tetani

Trichinellose

Trichinella spiralis

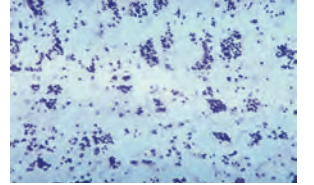

Tuberculose

Complexe *Mycobacterium tuberculosis*

Tularémie

Francisella tularensis

Variolle

Virus de la variolle
